#2: Yes, we really need another UN meeting on MERS, paid for with US tax payers dollars.

Sorry, the microphone on my phone seems to have broken halfway through the call so I will add a couple more things:

1. A heads up that we are hoping to do an update on the data meetings for the Mainz meeting. To include a summary of the August 2016 discussion and hopefully a preview of the 2017 discussion. If there are any proposed dates and location for the latter, we'd be interested in hearing those.
2. I heard from Subhash today that there will be a new MERS focal point at WHO Geneva who is formerly with Institut Pasteur. Subhash is hoping to host a technical MERS meeting sometime in the Apr-Jun 2017 timeframe.
